

Subject: FMIC/HR/571 — Medical Officer

Dear Hiring Committee,

I am writing to apply for the Medical Officer position in Kabul, Afghanistan at French Medical Institute for Mothers and Children (FMIC). I understand that the vacancy emphasizes quality improvement and patient safety, clinical assessment, diagnosis and treatment, infection prevention and control.

My relevant experience includes:

- Delivered clinical assessment, diagnosis, treatment, and follow-up care for children with SAM applying WHO, IMAM/CMAM, and national clinical protocols. (TFU Medical Doctor & Safeguarding Focal Point | Action Against Hunger (ACF-International) | Sang-e-Takht TFU, Daikundi (2023-05 – 2025-07))
- Coordinated with Ministry of Public Health representatives, provincial health authorities, and partner organizations. (Medical Doctor / COVID-19 Rapid Response Team Leader | Daikundi Provincial Public Health Directorate | Daikundi, Afghanistan (2020-10 – 2020-12))
- Supported administrative operations, procurement processes, financial documentation, and program logistics. (Administrative and Finance Officer | Trend for a Better Tomorrow (TBT) – NGO | Afghanistan (2019-05 – 2019-09))
- Supervised mobile health and nutrition teams delivering community-based BPHS/EPHS-related services. (Health and Nutrition Supervisor | Action Against Hunger (ACF-International) | Gizab & Sang-e-Takht, Daikundi (2022-02 – 2022-12))

My medical education includes Doctor of Medicine (MD), Curative Medicine — Kabul Medical Science University — 2013 — 2020.

I also meet the professional medical registration/license requirement stated for the role.

My verified language profile is Dari/Persian — Native, English — Fluent, Pashto — Intermediate.

I would welcome the opportunity to discuss how my experience can support your health program and the communities served by this position.

Sincerely,

Allah Yar Frotan
